

Celebration of Aging

with Special Memorial Programming.

Join the O'Neill Center as we celebrate Aging!!!

May 18th @ 1:00 pm

Each May, a celebration of aging occurs, known across the country as Older Americans Month. This year marks a special occasion as the Older Americans Act turns 50 in 2015! Signed into law in 1965, the OAA provides an aging services network that helps older adults live with dignity in the communities of their choice for as long as possible.

As a special celebration for senior day, the O'Neill Center is planning a special memorial to Bob Camden. O'Neill will host Theresa Rayner, owner of the land where the USS Shenandoah crash occurred. Ms. Rayner will bring artifacts from the wreckage and share details on the 90th anniversary of this tragic event.

A luncheon will be served for all attending this celebration and we will honor those 80 and 90 years of age with special recognition. A reservation must be made and a limited number of seating is available. The luncheon is being provided through a generous donation by a special donor.

Please call to reserve your seat: 740-373-3914
